The 2015 Regional Challenges are available for download from the ‘Tournament Resources’ section of the TOM Portal.

Please read the instructions in the Challenge Pack carefully and completely.

If you are having any trouble logging in or downloading the 2015 Challenge Pack document, please contact the TOM Office.

Schools that have not yet paid their school registration fee will be unable to access the ‘Tournament Resources’ section. Please contact the TOM Office for assistance.

Team Nominations

Schools can now nominate teams online by logging in to the TOM Portal.

It is important that all nominations must be completed by Friday 31st July 2015.

This allows each Region time to complete the (often complex) timetable for the Regional Finals, in plenty of time to notify schools of each team’s presentation schedule. Each team will have a time issued for their long-term Challenge presentation and their Spontaneous Challenge.

Challenge Clarifications

All questions regarding the Challenges should be made by a team member as per the instructions in Section J of the Challenge. Email, phone and fax clarifications will not be answered.

Any team member can access the ‘Challenge Clarification Question’ area on the TOM Portal to ask a question. However, we ask that before a team member does this, that they do two things:

(1) Check the Challenge and the 2015 Instruction Manual, as most often the answer is included in one of those documents; and

(2) Consult the team facilitator, who should also refer to the Challenge and the 2015 Instruction Manual.

Challenge Clarifications will not be considered in the week immediately prior to the Regional Tournament, i.e. from Monday 17th August 2015.

No telephone, fax or email clarifications will be accepted.

Special Time Table Requests

The ONLY place to request a particular day or general time of day, is in the ‘notes’ section when you are nominating your teams. This is the only place our time-tellers will look for this information. Please do not ring or email requests.

Good Luck to all Teams!
