

Workshop Program 2017

Tournament of Minds offers a range of valuable Professional Development workshops across all regions in NSW. The 2017 program to date is listed on the Registration Form overleaf.

Introduction to TOM – Terms 1 and 2

This workshop will provide new facilitators and coordinators with a complete overview of Tournament of Minds. If you have been out of TOM for a while it is the perfect refresher course for you.

Participation in a TOM workshop enables facilitators to achieve these outcomes and skills:

Outcomes:

- **Insight into** integrating the benefits of TOM into a total school plan
- **Confidence** in training a TOM Team
- **Knowledge** about the Instruction Manual
- **Process** of team selection

Skills:

- Promoting **team building** and **cooperation**
- Catering to the needs of the **gifted and talented students**
- Developing **creative, critical** and **caring thinking**
- **Time** management
- Developing **problem solving** techniques

Advanced Thinking Skills – Term 2

These workshops are designed for facilitators who wish to challenge and further the thinking of their students, both in the classroom and within their TOM teams. They are run in two 2 hour sessions in **Term 2** and will cover:

- Why TOM is a valuable experience and what it offers students
- What is problem - solving? How to walk the students through a problem solving process
- Working in groups - skills for successful implementation of a Challenge solution.
- Fostering creativity and cooperation
- 21st Century learning
- The Spontaneous Challenge - ability to focus; generating ideas; organisation and evaluation
- Strategies for successful TOM training including Brainstorming, SCAMPER, Six Thinking Hats, Mind Mapping and more.
- Individual programming to incorporate differentiation into your lessons.

Drama / Thinking Skills – Term 3

There is more to solving the Challenge than the prescription total. Points are also awarded for Presentation Skills, overall dramatic impact and the Spontaneous Challenge. For students we cover:

- **Basic Stagecraft Skills**
- **Presentation Skills and Allowable Materials**
- **Team Building and Communication**
- **Creative Thinking Skills and how to apply them to the Spontaneous Challenge**
- **“Unpacking” the Challenge**
